

Letter of recommendation for Gustavo Silva,

Gustavo was one of our most valuable members during this production. He was extremely dependable throughout the project, handing in work of high quality and being one of the first to volunteer for open positions. Gustavo displayed great communication skills and was a real team player, never once giving us any issues during the entire production. Out of all of our teammates, he was one of the only students to have met every deadline on time without fail. The quality of his work remained consistent and never dropped even with the given time constraints. Any notes he was given were fixed immediately, and we were given constant updates on his progress. Our production went through a lot of changes in a short amount of time, but Gustavo was easily able to overcome every obstacle with no complaints. His work quickly became the set standard for the other artists to meet, and was used as a reference. Gustavo became a sort of quality control for the team, and would often take a look at the other member's work.

Unfortunately, our team lost Gustavo due to schedule issues. Despite not receiving credit for this class, Gustavo still came in every day and continued to work with us, completing his work before anyone else in our production. It was a massive loss for our team when he was no longer able to attend. His dedication to this project was impressive, and he was sorely missed. Gustavo was a joy to work with, and we are very happy to have had him in our production.

Sincerely,

Corey Neudorf

Production Director for Student Project
